RTM Change	Start New Base	line				- 1
Problem						
The current installation of	the ECS generated so	ripts are not user frier	ndly enough. Also, there	has been a cl	hange in the ava	ilable
version of the public dom	ain Secure Shell (1.2.)	23) and the commercia	al version which is a diff	terent (1.3.3)) has been recei	rea,
compiled and unit tested to code reuse server stimpy	out has not yet been wand on other hosts for	access by ECS persor	nel in the UK.	d in the LDI	Tot accessing to	10 1 00
odd redde san ar araafy						
This is an emergency due	to the pressing need to	o get ssh in the field s	o that a number of secur	ity holes may	be plugged and	l a ration
security policy put in plac	e.					
Proposed Solution						
Scripts and accompanying	documentation has b	een extensively rewrit	tten since the original re	lease several	months ago. Re	commend
Scripts and accompanying	of COTS code and so	ripts in the MiniDAA	C and VATC to do inter	eration testing	g before general	commend release.
Scripts and accompanying installing the newest drop The EDF installation wou	of COTS code and so	ripts in the MiniDAA	C and VATC to do inter	eration testing	g before general	commend release.
Scripts and accompanying installing the newest drop The EDF installation wou	of COTS code and so	ripts in the MiniDAA	C and VATC to do inter	eration testing	g before general	commend release.
Scripts and accompanying installing the newest drop The EDF installation wou	of COTS code and so	ripts in the MiniDAA	C and VATC to do inter	eration testing	g before general	commenc release.
Scripts and accompanying installing the newest drop The EDF installation wou	of COTS code and so	ripts in the MiniDAA	C and VATC to do inter	eration testing	g before general	commenc release.
Scripts and accompanying installing the newest drop The EDF installation wou installation are attached.	of COTS code and so	ripts in the MiniDAA	C and VATC to do inter	eration testing	g before general	commend release.
Scripts and accompanying installing the newest drop The EDF installation wou installation are attached. Impact Analysis:	of COTS code and so	ripts in the MiniDAA	C and VATC to do inter	gration testing d versions red	g before general commended for	** \sqrt{\overline{X}}
